

Orphan Puppy Formula

1 Cup Boiled Water (cooled)

1 Can Carnation Evaporated Milk

1 TBSP Corn Syrup (white)

2 Eggs (YOLKS ONLY)

1 Heaping TBSP Natural Yogurt

mix ingredients together in blender. Refrigerate.

If formula has not been used up in 3 days, throw it out and make a fresh batch.

I have raised and/or supplemented many puppies on the above formula over the years. There are other variations, but this one has worked well for me and my boxers
